

INTERNAL BOARD UPDATE

What will we become?

PATAMA · Montara at the Global Wellness Summit · Tri Vananda Residences

Three key things.

Launch PATAMA.
Take the Group to the Summit.
Create demand for a residence.

HIGH SEASON 2026 - 2027

— PATAMA · BRANDING

A story only *this* family can tell.

The weaving idea is still being developed, but it is not ours alone yet – change the name and the same story would still work. So we go back to the real decisions the family made, and what they gave up to make them, and build the brand on a belief no one else can copy.

◆ Coffee Table Book Template

WHERE WE ARE & WHAT HAPPENS NEXT

We are gathering the evidence now: filmed conversations with the family, then interviews across the company about the decisions that built Montara. A workshop turns that evidence into one clear belief. Design starts only after that – the identity first, then the guidelines that make it usable, and the book last, because the book needs a finished brand.

PATAMA Family Journey

LIVING WELL TOGETHER

— PATAMA · MARKETING COLLATERAL

One product for *families*.

We are not waiting for PATAMA to be perfect before we sell it. One paid product, sold and measured honestly, will tell us whether PATAMA creates value we would not have had anyway.

◆ PATAMA Family Journey — Living Well Together

◆ PATAMA Website

WHERE WE ARE & WHAT HAPPENS NEXT

We are writing the journey now – what a family actually does during a stay, and what it is worth. The brochure follows the content, and the website follows the brochure. We start with families we already know, and spend on reaching new people later.

WELLBEING *for* ALL

Our Wellbeing Philosophy runs through everything we do. It is integrated in our unique destinations and our belief in regeneration and restoration. Above all it is highly personalised to each and every one of our Members.

MARQUEE SPONSORS

DIAMOND SPONSORS

— MONTARA × GLOBAL WELLNESS SUMMIT

Four things we do with the *Summit*.

The Summit turns twenty this year, and it comes to our island. Its theme – the Science, Art and Soul of wellness – matches our own story. We proposed a package built together with the Summit, so each part of the theme is answered by one of our properties.

- ◆ Brand awareness of the Montara Group
- ◆ A hosted farm-to-table dinner at Tri Vananda
- ◆ Montara experiences within official GWS tours
- ◆ Leadership participation & narrative positioning

WHERE WE ARE & WHAT HAPPENS NEXT

The four areas are agreed in principle, and the tour route is agreed between Tri Vananda, Clinique La Prairie and Trisara. Invitations come next: a guest list for each dinner, then the final programme with the organiser. Everything on the estate has to be finished before the first guest arrives.

— TRI VANANDA · PR & COMMUNICATIONS

One story. Two *markets*.

The Summit gives us one moment. The agencies make it last. One tells the residence story abroad, to buyers who have never set foot in Phuket. The other builds our name at home, where the project is judged first. Coverage runs before the Summit, during it, and long after – so trust builds instead of spiking once and fading.

◆ PR Agency · US · BPCM

◆ PR Agency · TH · Vivaldi

WHERE WE ARE & WHAT HAPPENS NEXT

The US agreement is in final review, and the Thai agency has sent its proposal. We expect to appoint both this month. Briefing starts straight away, so the plan is agreed and coverage has already begun when the Summit opens.

City Dynamic presents A House in the Making, a film that brings together the creative teams behind **Upper House Residences Bangkok** and **The Wireless Residences by Upper House**.

Date: April 16, 2026

The film offers a considered look at the thinking, craft, and collaboration behind the first Upper House branded residences globally, situated on a rare freehold site on Bangkok's prestigious Wireless Road.

Category: Property

Featuring Foster + Partners, BAR Studio, PIA Interior and P Landscape, the film explores how architecture, interiors, landscape and service come together to shape two distinct Houses — designed for living, not spectacle.

Bringing Upper House Home

The film opens with the Upper House philosophy: **Houses, not Hotels**. Known for an approach to hospitality that feels personal, unforced and quietly attentive, Upper House is extending this philosophy into residential living for the first time.

— TRI VANANDA · MARKETING ACTIVITIES

The residence is the *point*.

A villa here never stands alone. It comes with all of Tri Vananda – PATAMA, Clinique La Prairie, Jampa. That is what our marketing shows, and that is what sells the villa.

◆ PATAMA Residence CGIs

◆ Quarterly Newsletter

◆ Always-On Digital Marketing

WHERE WE ARE & WHAT HAPPENS NEXT

A first set of images is going for approval, then into final production, ready for conversations during the Summit. The newsletter is being written and will bring the first PATAMA residence and Clinique La Prairie stories to the people we already know. Always-on digital keeps the story going in between, and sends every enquiry into one pipeline.

— WHAT'S HAPPENING AT TRI VANANDA

A place already *alive*.

The most convincing thing a buyer can see is ordinary life happening. Each gathering leads to the next, and viewings happen inside a real community, not beside it.

◆ PRU Farm Festival

◆ Clinique La Prairie Phuket Opening at Tri Vananda

◆ Bi-Weekly Local Roots

WHERE WE ARE & WHAT HAPPENS NEXT

The farm festival brings people onto the land and turns interest into a first visit. Bi-Weekly Local Roots then becomes the standing invitation that keeps the estate busy – and visible – through the high season.
