GLOBAL WELLNESS SUMMIT 2026
20TH ANNIVERSARY • PHUKET

The Science, Art and Soul of Wellness

PR PROPOSAL

September 2026 – February 2027

INTRODUCTION

Montara Hospitality Group

Montara is a Thai family-owned hospitality group — the owner and developer of Phuket's most personal luxury destinations. The Group opened Trisara in 2004 and has spent more than two decades guided by a belief that hospitality is a form of stewardship: a responsibility to care for the land, the community and future generations. Today the family is taking that experience into wellness — developing Tri Vananda and, with Clinique La Prairie, bringing evidence-based longevity medicine to Phuket.

Trisara

THE FLAGSHIP

Nestled in tropical forest above a private bay on Phuket's quiet northwestern coast: pool villas and suites, each with its own pool and uninterrupted views of the Andaman. Home to one-Michelin-starred PRU.

Tri Vananda

THE WELLNESS COMMUNITY

A 237-acre multi-generational wellness community of forests and lakes in northern Phuket, developed by Montara: biophilic villas and integrative wellness, with only a fraction of the land ever built upon.

Clinique La Prairie Phuket

THE LONGEVITY CLINIC - AT TRI VANANDA

The Health Resort by Clinique La Prairie at Tri Vananda — the first of its kind in Southeast Asia. Nine decades of Swiss longevity science meet the forests and lakes of Phuket: a place designed to help people live longer, stronger and more fulfilling lives.

VISION · ALIGNED WITH THE GLOBAL WELLNESS SUMMIT

One Belief, Shared with the Summit

As the Global Wellness Summit marks its 20th Anniversary in Phuket under the theme *The Science, Art and Soul of Wellness*, Montara's own journey mirrors the Summit's: two decades of patient destination-building, now devoted to helping people live longer, stronger and more fulfilling lives. Each dimension of the 2026 theme lives at one of the Group's properties.

01 SCIENCE

CLINIQUE
LA PRAIRIE
PHUKET

The science of longevity — personalised, evidence-based wellbeing, delivered at the Health Resort by Clinique La Prairie at Tri Vananda.

02 ART

TRISARA

The art of wellness — hospitality, nature, cuisine and connection, refined over two decades on a private bay above the Andaman.

03 SOUL

TRI VANANDA

The soul of wellness — a living community of forests and lakes, where Thai care and long-term stewardship shape everyday life.

“As a Thai family with a long-term commitment to Phuket, we have always believed that hospitality is a form of stewardship — a responsibility to care for the land, the community and future generations.”

PR OBJECTIVES

Build awareness of Montara as a leading Thai hospitality and wellness group

Position Montara Hospitality as a world-class Thai hospitality and wellness group with a long-term vision spanning luxury hospitality, regenerative living, wellness and longevity.

Strengthen Montara's leadership positioning

Position the Montara family and senior leadership as credible voices shaping the future of wellness, longevity, regenerative hospitality and destination development, underpinned by an integrated hospitality and wellness ecosystem encompassing Clinique La Prairie Phuket, Tri Vananda and Trisara.

Drive momentum into GWS and the Clinique La Prairie launch

Create a sustained communications journey before, during and after GWS, building momentum through connected corporate and thought leadership content, executive interviews and the curated media trip, complemented by the private Farm-to-Table Dinner and experience-led storytelling, and culminating in GWS and the official launch of Clinique La Prairie Phuket.

Reinforce Tri Vananda's Positioning as a New Model of Wellness Living

Reinforce Tri Vananda as a new model of multigenerational wellness living, anchored by Clinique La Prairie Phuket as a pioneering longevity destination in Southeast Asia, bringing together wellness, longevity, community and regenerative living within one destination.

Convert post-GWS credibility into commercial opportunity for Clinique La Prairie Phuket, and future Montara offerings.

COMMUNICATIONS PLATFORM

THE THAI MASTER BRAND SHAPING A WORLD-CLASS ECOSYSTEM OF LUXURY HOSPITALITY, WELLNESS,
LONGEVITY AND REGENERATIVE LIVING IN PHUKET.

From Thai Hospitality to a World of Wellness

Trisara
THE FLAGSHIP

TRISARA
— THE ART
The heritage and hospitality

Tri Vananda

COMMUNICATIONS PHASES

PHASES	Communication emphasis	Job to be done	Role in the campaign	Hero output
Before GWS	Master-brand building, family vision, corporate narrative and thought leadership	Build Montara master-brand awareness, understanding and thought-leadership credibility through press release , interview and/or feature content	Create familiarity and context so November communication does not start from zero.	Family vision interview, corporate narrative and GWS preview
GWS Week	Curated media trip anchored by the private Farm-to-Table Dinner Highlight and create Relevant Content and Montara activities at GWS	Bring the ecosystem to life through one curated media trip joining the private dinner Executive Interview Press Release The Opening of Clinique La Prairie Phuket	Allow selected media to experience the ecosystem and create first-hand stories during the Summit.	Media trip + private Farm-to-Table Dinner at Tri Vananda, Ecosystem exposure The Opening of Clinique La Prairie Phuket
After GWS	Product, facility, villa, property, hospitality and grand-opening communication (TBC)	Sustain momentum and transition from corporate credibility to products and commercial opportunity Press Release highlight Montara vision at GWS 2026 (Round table key findings)	Translate the credibility already built into commercial relevance and launch momentum.	Feature series, product stories and grand-opening campaign

PR COMMUNICATIONS JOURNEY

PHASE 1 — PRE-GWS

September–October 2026

Build awareness and anticipation.

- Backgrounder introducing Montara Hospitality Brand
- Leadership profiling
- One on one media interview
- Teaser stories around Phuket, wellness and longevity
- Targeted one-on-one media outreach / feature stories
- One on one media interview
- Media save-the-date / invitation

PHASE 2 — GLOBAL WELLNESS

SUMMIT WEEK & MEDIA TRIP

November 2026

Leverage GWS 2026 as the international credibility platform. Montara can connect its story to the Summit's **Science, Art and Soul of Wellness** positioning, while showcasing the three complementary dimensions of its portfolio.

Potential amplification includes:

- GWS participation and leadership stories
- Montara family thought leadership
- Clinique La Prairie leadership interviews

MEDIA TRIP

Turn the Montara story into an immersive editorial experience.

- Curated media trip
- Property experiences
- Clinique La Prairie Phuket Experience
- Leadership interviews
- Content creation
- Real-time media engagement
- Media coverage around Phuket as a wellness destination

PHASE 3 — Post-GWS

CLINIQUE LA PRAIRIE LAUNCH

& Keep Momentum

Convert awareness into a strong launch narrative.

“The Future of Longevity Has Arrived in Southeast Asia.”

The launch campaign can build on the credibility and awareness established through the Media Trip and GWS, positioning Clinique La Prairie Phuket as the next chapter in Montara's evolution from luxury hospitality into evidence-based wellness and longevity.

COMMUNICATIONS PILLARS FOR GWS 2026

Umbrella narrative. Montara is the Thai family-owned master brand behind a connected Phuket ecosystem spanning luxury hospitality, wellness, longevity, regenerative living, community and destination development. Beginning with Trisara, the family’s long-term commitment to stewardship is now expanding through Tri Vananda and Clinique La Prairie Phuket—bringing Thai care, living landscapes and Swiss longevity science together in one world-class vision.

Pillar	Role in the story	Proof points / story language
SCIENCE Clinique La Prairie Phuket	Evidence-based longevity and preventive wellbeing	CLP Longevity Method: medical assessment, nutrition, movement and wellbeing; first Health Resort by Clinique La Prairie of its kind in Southeast Asia; Swiss science delivered with Thai care.
ART Trisara	The craft of hospitality, cuisine, nature and connection	Montara’s flagship since 2004; private bay; PRU; Trisara Wellness; two decades of creating personal, place-led experiences.
SOUL Tri Vananda	Nature, community, belonging and multigenerational living	237-acre wellness community; forests, lakes and productive landscapes; biophilic villas; only a fraction of the land built upon.
STEWARD Montara	The owner and long-term host connecting all three brands	Thai family ownership; consistent care from arrival to farewell; responsibility to land, community and future generations.

BRAND STORIES

FROM THAI HOSPITALITY TO A WORLD OF WELLNESS & LONGEVITY

MONTARA HOSPITALITY GROUP : THE SCIENCE, ART & SOUL OF LIVING WELL

BRAND

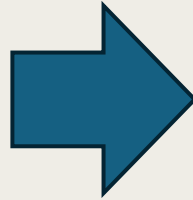

MONTARA HOSPITALITY GROUP

One vision for the future.

A new chapter in wellness and longevity.

From the art of hospitality at **Trisara**, to the soul of community at **Tri Vananda**, and the science of longevity with **Clinique La Prairie Phuket**, Montara Hospitality can own a distinctive narrative at the heart of GWS 2026.

The November Media Trip becomes the **first touchpoint** — introducing the people, places and philosophy behind Montara — before the story reaches its international stage at GWS and culminates in the launch of Clinique La Prairie Phuket.

Montara Hospitality is redefining wellness through three interconnected dimensions:

THE ART — TRISARA

Two decades of luxury Thai hospitality, nature, cuisine and wellbeing.

THE SOUL — TRI VANANDA

A 237-acre multigenerational wellness community built around forests, lakes, nature and a philosophy of living well.

THE SCIENCE — CLINIQUE LA PRAIRIE PHUKET

Swiss longevity science combined with Thai hospitality, introducing the Clinique La Prairie Longevity Method to Southeast Asia.

This narrative directly connects with the three pillars of GWS 2026: **Science, Art and Soul of Wellness.**

PR & CONTENT ANGLE

Phase	Timing	Main Content Angle	Proposed Press Release / Story Topic
1. Pre-GWS: Introduce Montara	Sep–Oct	The Montara Story	“Montara Hospitality Group: 20 Years of Shaping Phuket, and the Future of Wellness”
2. Pre-Media Trip: Build Anticipation	Late Oct	Phuket: The Future of Wellness	“Why Phuket is Emerging as a Global Destination for Wellness and Longevity” Phuket's evolution into a global wellness destination
3. Media Trip:	November	Science, Art & Soul	“Inside Montara: Discovering the Science, Art and Soul of Wellness in Phuket” SCIENCE × ART × SOUL → Montara's story meets the world's leading wellness community
4. GWS 2026	7–15 Nov	Thought Leadership	“Montara Brings the Science, Art and Soul of Wellness to GWS 2026”
5. Post-GWS / CLP Launch	Nov–Dec	The Future of Longevity	“A New Era of Longevity: Clinique La Prairie Phuket Opens in Southeast Asia”

PROPOSED INTERVIEW TOPICS

Topic 1: Montara Brand and Vision

From Luxury Hospitality to Wellness & Longevity: How Montara is Shaping the Future of Phuket

Topic 2: Phuket - a Global Hub for Wellness and Longevity

Why Phuket is Emerging as a Global Hub for Wellness Living and Longevity

Key discussion points:

1. **20+ years of Montara in Phuket** — from Trisara to building globally recognised luxury hospitality.
2. **Why wellness is the next chapter** for Montara.
3. **The changing definition of luxury** — from luxury as a destination/experience to luxury as health, wellbeing and quality of life.
4. **Tri Vananda** — why Montara is developing a wellness community rather than simply another resort.
5. **The rise of longevity** and why it is becoming an important part of the future of wellness.
6. **Clinique La Prairie Phuket** — bringing evidence-based longevity medicine together with Thai hospitality.
7. **Why Phuket** has the potential to become a global wellness destination.
8. **Looking ahead to GWS 2026** and Montara's role in the conversation.

- 16.00 Departure from Phuket

“The Science, Art and Soul of Wellness: Discovering Montara’s Vision for the Future of Phuket”

TRISARA — THE ART

The heritage and hospitality

20 years of Thai luxury hospitality, nature, cuisine and wellbeing.

TRISARA — “The Art” 20 years of learning how to create wellbeing through **hospitality, nature, cuisine and Thai culture**. The existing proposal already supports this positioning, including PRU, Trisara Wellness and the connection to the Andaman.

TRI VANANDA — THE SOUL

The future of living well

Wellness as a way of living, not simply a retreat.

The future of living well.

TRI VANANDA — “The Soul”

This could be the most interesting story for lifestyle, property and design media:

“What if wellness isn't somewhere you go, but somewhere you live?”

That directly reflects the Tri Vananda philosophy of making nature, movement, community and wellbeing part of everyday life.

CLINIQUE LA PRAIRIE — THE SCIENCE

The future of longevity

Global longevity science meeting Thai hospitality.

The future of longevity.

CLINIQUE LA PRAIRIE — “The Science”

This should be more **education + future trend** than a straightforward product launch:

“From Healthcare to Healthspan: Why Longevity is the Next Chapter of Luxury Wellness.”

PRESS RELEASE : THE OPENING OF CLINIQUE LE PRAIRIE PHUKET (TBC)

THE PROPERTIES · 01 · THE SCIENCE OF WELLNESS

Clinique La Prairie Phuket

SWISS LONGEVITY SCIENCE, SINCE 1931 · AT TRI VANANDA

In 1931, on the shores of Lake Geneva, Dr Paul Niehans pioneered cellular therapy — a discovery that made Clinique La Prairie a place of pilgrimage for those seeking to live longer and better. Over nine decades, that pioneering spirit has matured into the CLP Longevity Method: a holistic, preventive approach that targets inflammation, slows ageing and strengthens immunity — built on four interdependent pillars.

MEDICAL

Advanced diagnostics, laboratory analysis and physician-led assessment — the foundation of every programme.

MOVEMENT

Movement assessment and tailored training, coached to become part of daily life.

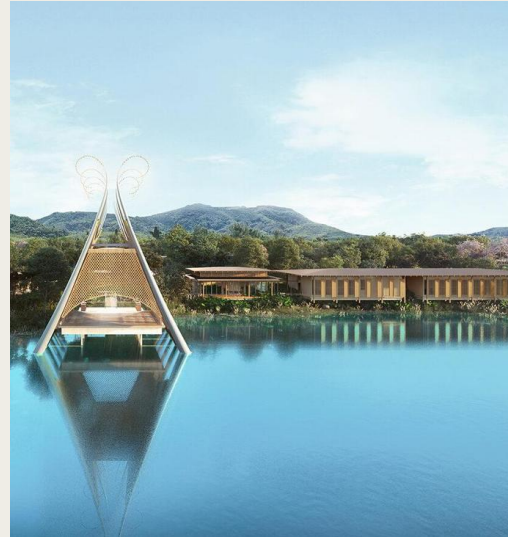

NUTRITION

Nutritional science and anti-inflammatory cuisine, personalised to each guest's biology.

WELLBEING

Restorative therapies for body and mind — recovery, sleep and stillness.

At Tri Vananda, this science takes resort form for the first time in Southeast Asia: the Health Resort by Clinique La Prairie sets the Longevity Method within forests and lakes, in comprehensive medical and wellness facilities developed by Montara. Within the Summit's 2026 theme, it is the **Science** of wellness — delivered with Thai care.

KOL Strategy

Engage a curated mix of credible wellness experts and premium lifestyle KOLs to position Clinique La Prairie Phuket as Southeast Asia's pioneering luxury longevity destination.

Launch – Create Visibility

Invite selected KOLs to experience the launch, expert sessions and personalised wellness consultations, generating real-time social content and first impressions.

Review – Build Credibility

Host 6–10 carefully selected KOLs for an in-depth wellness experience, creating authentic reviews covering their goals, personalised programmes and key outcomes.

Content Pillars

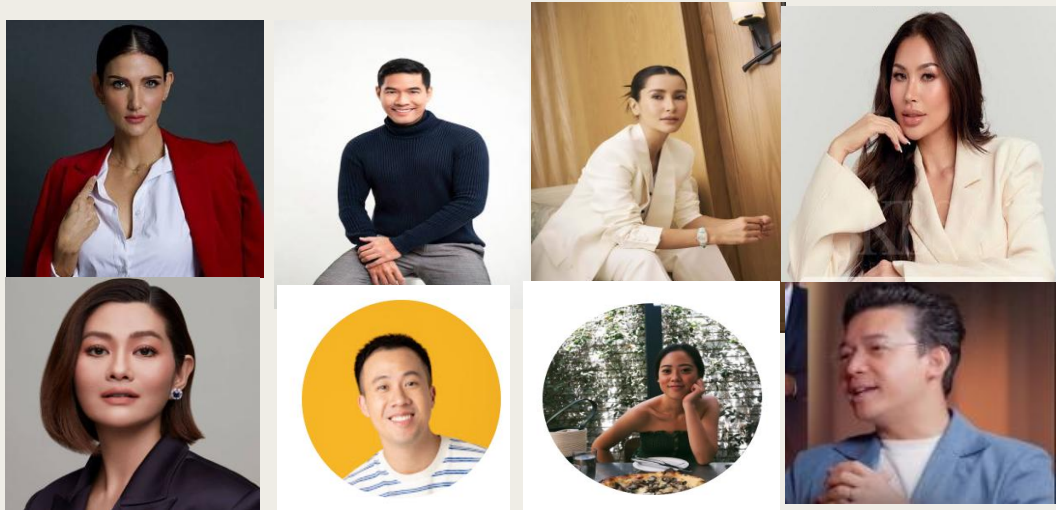

- Longevity expertise and preventive health
- Personalised wellness programmes
- Transformation and measurable wellbeing
- Luxury hospitality with purpose
- Phuket as a global wellness destination

Key Deliverables

- Hero Reel or review video
- Carousel or in-depth review post
- Instagram Stories covering the experience
- Follow-up content after 7–14 days

Recommend KOL Profiles

- Wellness, health, fitness and healthy-ageing experts
- Premium lifestyle and luxury travel creators
- High-profile executives, entrepreneurs and personalities aged 35–60
- KOLs with affluent, health-conscious audiences and strong credibility
