

TRI VANANDA

PHUKET · THAILAND

REQUEST FOR PROPOSAL

U.S. PR & Strategic Communications Partner

An invitation to selected international agencies
to propose for Tri Vananda's next chapter.

INVITATION TO PROPOSE

A partner for Tri Vananda's next chapter

Following our introductory discussion and a deeper understanding of Tri Vananda's vision, upcoming milestones, and business objectives, we would appreciate receiving your proposal outlining your recommended PR and communications approach.

Tri Vananda is a multigenerational well-living community set across 232 acres of botanical garden and lakes in Phuket, Thailand — developed by Montara Hospitality Group, owner of Trisara and the Michelin-starred restaurant PRU. As we prepare to introduce the community to an international audience, we are seeking a U.S.-anchored communications partner to carry the story and support residence sales.

The proposal should include, but is not limited to, the following key areas:

- 01** Relevant Experience & Case Studies
- 02** Recommended Team & Account Structure
- 03** U.S. & Global Media Strategy
- 04** Measurement Framework & Business Impact
- 05** HNWI Audience Engagement Strategy
- 06** Initial Strategic Storytelling Approach

01 Relevant Experience & Case Studies

Examples of branded residence, luxury hospitality, wellness, or lifestyle campaigns where PR contributed to measurable business outcomes.

Please highlight how communications supported tangible results such as qualified enquiries, private visits, reservations, sales conversion, or brand growth.

Include the KPIs used to evaluate campaign success.

02 Recommended Team & Account Structure

Proposed account structure and ways of working with Tri Vananda.

Introduction of senior team members who would lead the strategy and day-to-day account management.

Relevant experience working with HNWI audiences, luxury real estate, hospitality, wellness, and lifestyle brands.

03 U.S. & Global Media Strategy

Overview of the agency's relationships and track record with leading U.S. and international media, including but not limited to:

- The New York Times
- The Wall Street Journal
- Financial Times
- Robb Report
- Architectural Digest
- Other relevant luxury, design, wellness, business, and lifestyle publications

Recommended approach on how high-impact U.S. media coverage can build global credibility and cascade into Southeast Asian and regional media markets to amplify awareness.

04 Measurement Framework & Business Impact

Recommended measurement approach beyond traditional PR metrics such as impressions and reach.

Framework for evaluating PR contribution toward:

- Qualified leads and enquiries
- Private visits and hosted experiences
- Reservations and sales opportunities
- Strategic partnerships
- Long-term brand equity and market positioning

05 HNWI Audience Engagement Strategy

Recommended influencer, partnership, and experiential strategies to authentically reach ultra-high-net-worth and high-net-worth audiences.

Approach to building trust and consideration through discreet, relationship-led engagement rather than traditional mass awareness.

06 Initial Strategic Storytelling Approach

A preliminary PR storytelling concept for communicating Tri Vananda's upcoming milestones and positioning the project internationally.

Recommendations on key narratives, media angles, and opportunities that could establish Tri Vananda as a next-generation wellness community and global reference for purposeful living.

IN CLOSING

We look forward to understanding your perspective on how strategic communications can support Tri Vananda's next chapter — and create meaningful impact across brand awareness, reputation, and business growth.
